Everytime I hold your hand
I wanna have you close to me
Ooh, you drive me crazy
Can you tell me if it's love?
Touch me baby, hold me
Let me show you paradise
It's a secret little world
A place for you and me

I swear you're the one
The one that I want
You make me feel, feel like an angel
I swear you're the one
The one that I want
I just wanna be there
In your arms, forever

Everytime when we're apart
Emptiness is in my heart
Wanna have you by my side
I'm longing for your love
When I look into your eyes
I know I've found the love of my life
I can feel it deep inside
I hope you feel it too

I swear you're the one
The one that I want
You make me feel, feel like an angel
I swear you're the one
The one that I want
I just wanna be there
In your arms, forever

I wanna know, if we could share
Share our life together
Sometimes I wonder if I'm living in a dream
Or is it for real?

I swear you're the one
The one that I want

You make me feel, feel like an angel
I swear you're the one
The one that I want
I just wanna be there
In your arms, forever

(The one that I want)
You make me feel, feel like an angel
I swear you're the one
(The one that I want)
I just wanna be there
In your arms, forever
