My heart is dying for you tonight  
I feel so right, when you were here  
My heart is crying for you so loud  
I'll take you out, so we can dance

I am here, have you missed me?  
Loud and clear, you can tease me  
What you feel, you can have it  
All you want, let me show you  
All the time, that you and I will be as one

My heart is dying for you tonight  
I feel so right, when you were here  
My heart is crying for you so loud  
I'll take you out, so we can dance (x2)

On and on, a wind is blowing  
In my heart, love is flowing  
In your arms, I feel I'm drowning  
Hold my breath, my body's shaking  
All the time, that you and I will be as one

My heart is dying for you tonight  
I feel so right, when you were here  
My heart is crying for you so loud  
I'll take you out, so we can dance (x2)

In my heart love is flowing  
In your arms I feel I'm drowning  
Hold my breath, my body's shaking  
I close my eyes, and fall so deep, so deep

My heart is dying for you tonight  
I feel so right, when you were here  
My heart is crying for you so loud  
I'll take you out, so we can dance (x2)

My heart is dying for you tonight  
(I feel so right, when you were here)  
My heart is crying for you so loud

My heart is dying for you tonight  
I feel so right, when you were here  
(My heart is crying for you so loud)  
I'll take you out, so we can dance
