Mm Mm Mmm
Yeah Yeah

I though lovin' had passed me by
forgot to linger
then suddenly I don't know why
it all seemed clearer

only three words long
you meant every one
I know
(I got your message baby)
I got your message baby
play it on and on
like my favorite song

say it again
sayin' that i'm the only one
say it again
baby you're on your way back home
it'll feel like i'm flying on the wind
all you gotta do is tell me that again

Slowly
(for sure)
I take a breath
it's not so hard just
(never say never)
sometimes we need a little faith
the night's the answer

Only three words long
every one's so strong
I got your message baby
(it's three months close to date, boy)
oh nothing gets me down
when I hear that sound

say it again
sayin' that i'm the only one
say it again

baby you're on your way back home
it'll feel like i'm flying on the wind
(flyin on the wind)
all you gotta do is tell me that again

I guess it's feelin so much longer
Sure it's just a little of heart
(Just a little of heart)
But heaven's such a lonely place to be
for a little while I though that I was afraid to fight
I just wanna hear you say it again

Say it
(say it again)
No, no
(saying that i'm the only one)
I'm the only one yeah, yeah
(say it again, baby you're on your way back home)
It'll fly, fly, fly
(flying on the wind)
all you gotta do is say it again
(say it again)
Say it

say it again
sayin' that i'm the only one
say it again
baby you're on your way back home
it'll feel like i'm flying on the wind
all you gotta do is tell me that again
