[Movie Sample]

It's been in the seventies
Matters and reports on the streets
That new laws are needed at every level
But war alone cannot make men see right
We are confronted primarily with a moral issue
But part of the question is whether all Americans
Are to be allotted equal rights and equal oppurtunities
Whether we are going to treat our fellow Americans as
we want to be treated

[Intro: Remedy]

Dedicated, I came with the offerin
You know who it's for

[Chorus: Remedy]

For the Fake MC's that swear they can rap
For all those cats that love to talk yak
For all those white kids who wanna be black
Yo love is still love y'all I Gotcha Back

[Remedy]

This is Remedy, remote mind devices, my advice is
priceless
The Devil got you chained in vices, the crisis
Will surface, your purpose is worthless
Attack on ya nervous, frontal lobe Short Circuits
The choices, the unheard voices
Comin from inside ya head, internally bled, red
Mislead and mentally dead, walkin
You said what you said, yo you was born to be talkin
I know about ya kind, ya state and frame of mind
Weakened deaf, dumb and blinds, you look but never
find
The evil that men do, yo Satan is in you
The tempter of man, release the negative if you plan to
continue
Your ways and actions, reactions, thought processin
patterns
Not logical, can't defeat the obstical
Understand, I Ain't Mad at 'Cha
Got to do what I can, throw my pen and my pad at ya

[Chorus]

[Chorus 2: Remedy]

To my hustlers on the corner, sell ya blow and ya crack

For the so-called Gods livin right and exact
Yo, positive and negative, opposites attract
Love is still love y'all
