(Anderson/Cocks)

You're at the end like a lamb to the slaughter  
You're comin just to make your way  
You don't worry about the future  
'Cause the government guarantees pay

65 is the year they got planned out for you to retire  
At 65 more dead than alive you'll expire

Suicide City where the girls are so pretty  
The boys walk home in the rain  
Suicide City, isn't it a pity  
Brain drain's the name of the game

In the nerve center of the country  
There's so much work to do  
They gotta feed the government machine  
And it lives off human food

And in the length of boxes, identity's stripped away  
When they work 'em, and when they hurt 'em  
They just throw 'em away

Suicide City where the girls are so pretty  
The boys walk home in the rain  
Suicide City, isn't it a pity  
Brain drain's the name of the game

I can't take it...Suicide City!

They're tryin' to tell us out our windows  
Gonna tell us in the front of the trains  
A university diploma  
It don't mean that you got brains

They push you to the limit  
They push you 'till you drop  
They push you so hard, push you so far  
Push you over the top

Suicide City where the girls are so pretty  
The boys walk home in the rain

Suicide City, isn't it a pity  
Brain drain's the name of the game

I can't take it...Suicide City!

Suicide, Suicide, Suicide, Suicide City  
I live in Suicide, Suicide, Suicide, Suicide City  
Sunshine  
Sunshine  
Suicide, Suicide, Suicide, Suicide, Suicide, Suicide,  
Suicide  
Suicide City  
Suicide City, such a shame, Suicide City  
Suicide City, it's such a pity, Suicide City  
Suicide, Suicide!  
Suicide!
