When they say
We were never old enough to care
It's like first of November

And when they say
We were never good enough to love
They've been washed in the holy waters

So I wanna die
With my eyes full life
All the years I survived I knew nothing about
Nothing about

So I wanna die
With my head full life
All the years I survived I knew nothing about
Nothing about so much

Hope we got far
'Cause here it's the same as for a bear
To be stuck inside a bird cage

And if we swim
To see New Zealand with our friends
Oh would you please bury me there

And sing
Together for the new start
I'm sailing
Through the mighty coast lines
As a ghost on a holiday

So I wanna die
With my eyes full life
All the years I survived I knew nothing about
Nothing about

So I wanna die
With my head full life
All the years I survived I knew nothing about
Nothing about so much
