When I carry a heavy load  
Up a steep, unsteady road  
My tired arms are holding on  
Tired feet, it won't be long

I'm in the margin, in between  
Am I on the edge of anything?  
To the left a precipice  
How will I get out of this?  
Am I too far gone?  
Can't seem to find my way

I might be lost  
I might be broken  
But I'm not a lost cause  
I'll count the cost  
I'll keep on going  
But I'm not a lost cause  
I might be lost but there's something that You see in  
me  
I'm not a lost cause  
I'm not a lost cause

When the struggle's getting old  
When I feel like letting go  
When I feel like I'm alone  
You remind me of my home  
Caught beneath it all, but now I'm on my way

I might be lost  
I might be broken  
But I'm not a lost cause  
I'll count the cost  
I'll keep on going  
I'm not a lost cause  
I might be lost but there's something that You see in  
me  
I'm not a lost cause  
I'm not a lost cause

I might be lost

I might be broken  
I'm not a lost cause  
I'll count the cost  
I'll keep on going

I might be lost  
I might be broken  
But I'm not a lost cause  
I'll count the cost  
I'll keep on going  
I'm not a lost cause  
I might be lost but there's something that You see in  
me  
I'm not a lost cause  
No - I'm not a lost cause
