I take my first deep breath in months
Now I can finally relax
Have you since found a reason for your denial,
Or do you plan to continue on, and just rely on people
around you?
Through your actions now
Obvious to us that your words have lost all meaning

So if you're not satisfied tonight
Make up your mind (make up your mind)
Or soon you'll end up as only an afterthought

Can't relate to your state of mind,
There's just no passion and there's no pride
Haven't you ever wanted more from your life, have you
given up?
And this only gives one more reason to doubt that this
will improve
Through your actions now
Obvious to us that your words have lost all meaning

So if you're not satisfied tonight
Make up your mind (make up your mind)
Or soon you'll end up as only an afterthought

I further distance myself from your reality
And watch as you fall face-first down from the sight of,
All that you've wanted within the one who you wrote off
back then
I further distance myself

So if you're not satisfied tonight
Make up your mind (make up your mind)
Or soon you'll end up as only an afterthought

Only an afterthought

I further...
