What happens when the song I sing
Doesn't make me feel a thing
And everything I have to bring
Is borrowed and rehearsed?

What happens when the music ends
I'm too tired to pretend
That who I am and who I've been
Could ever get along?

Now's the time for letting go

I surrender all, can You hear my call?
When I'm at the end of myself
Is this where You begin when I'm caving in?
When I'm at the end of myself

What happens when the motion stops?
Staring at a broken clock
When what I am and what I'm not
Are perfectly reversed

Now's the time for letting go

I surrender all, can You hear my call?
When I'm at the end of myself
Is this where You begin when I'm caving in?
When I'm at the end of myself

At the end, I'm at the end
I'm at the end of myself
At the end, I'm at the end
I'm at the end of myself
I'm at the end of myself

I surrender all, can You hear my call?
When I'm at the end of myself
Is this where You begin when I'm caving in?
When I'm at the end of myself

I'm at the end of myself

At the end, I'm at the end
I'm at the end of myself
