"Shiny soul"

My heart is looking for a warming, shiny, groovy soul

I'm looking for your soul!

I don't know how I lose control

It's time for me, to feed my soul

We always think of all of the things we should do
but never stop and try, you know what you have to do

They say we don't have time, in this real world
to do what we dream about, dreams full of hopes

I try to listen, to listen to my soul

I'm a dreamsercher, serching for my real soul

I don't know how to say

why I love you so,

I wanna tell you that

this is something real

I dream about you

when I close my eyes

I don't know how to say

why I love you so,

'cause your sweet smile feeds me

my body and soul wants more

I don't know how to say

why I love you so,

I don't know how to say

how you feed my soul

We go to disco at night, we're always looking
looking for someone new, we're always looking

We go to disco at night, we're always looking
but now I'm sure I've found someone I really like

I don't know how to say

why I love you so,

I wanna tell you that
when I close my eyes

This is something real
I dream about you
when I close my eyes
