Your beauty overwhelms me when you open the door.
You're old but you are shining like you've never done
before.

There's something here changing
and I'm trying to catch up.
But the light is now upon your chest.
You are out of reach for us

You outshine. You outshine me.

Times they are a changing when we're passing through
this door.

And yes, you are a beauty like you never were before.
And as I look upon your face I see it in your eyes.
You're not longer part of this
You are now prepared to die.

You gotta go. You got a goal.

Du fÄrlorade ju mÄlet. Du fÄrlorade din strid.
Men, nÄgot sÄger mig
att du har gett dessa hÄndelser tid.
Det Är nÄgot hÄr som Ändrats och jag tror jag vet
vad det Är.
Livet Är dig ej lÄngre kÄrvt, fÄr hÄr stÄr du mot
det och ler.

Du kan nu dÄ. Du kan nu dÄ. Du kan nu dÄ.
