Something started to change
Nothing can be re-erased
On my mind
All the time

Always wanted to be
Something other than me
Down inside
Deep inside

It doesn't matter
We're all eternal

(Couldn't be the child he wanted to be)

It doesn't matter
We're all eternal

From the boy that turns into man
Like the child that's take his hand
Free inside
Just as wild

Dressed to take on it all
In the hope that everything's gone
Soon to be
Just like me

It doesn't matter
We're all eternal

(Couldn't be the child he wanted to be)

It doesn't matter
We're all eternal
We're all eternal

Something started to change
Nothing can be re-erased
On my mind
All the time

Dressed to take on it all
In the hope that everything's gone
Soon to be
Just like me

It doesn't matter
We're all eternal

(Couldn't be the child he wanted to be)

It doesn't matter
We're all eternal
We're all eternal
