like kissing this morning
kissing the sunset
it's kissing you
it's kissing you

kissing the blue sky
kissing the day
that you're born
kissing your hair
smelling the whey

kissing the light out
touching the mountains
kissing the rain
kissing your heart

chorus
kissing your heart

kissing the fields
kissing the clover
kissing my luck
when i met you

kissing your tears
kissing the bitter
to make it sweeter
to make it soft

kissing the cup
that you drunk from
kissing the ground
that you walked on

kissing your breath
kissing your wonder
eating a peach
kissing your lips
