Here they come, here they come
Here they come and they might as well
Too many birds in my confusion now
Now they'll circle over this house till we take them in

Mmmmmm, you show me a sign to rise up from the
world we know
And she's strung out on life
There soon rose a sea
That's spilling out from her mouth fit to overflow
Back into me

She moves and it's fire (fire underwater)
Speaks and it's flame (she speaks my name)
Well they all really want you
If only you had wanted them
Lights move in the chalk line
Chains that define who I am
Here we are again (how could I have seen?)
Always she's driving (how could I have known?)
Back through her strange carnival (I should have
known)
Straight through the sound gramarye, I've found
See how she's driving me

Straight from the sound
She's seen as a bright sun to anyone
Hollow in mind
With the weight of her world
Trailing out till the last train
Discovers me
Alive on vine

She moves and it's fire (fire underwater)
Speak and it's flame (she speaks my name)
As you move in a chalk line
Change in the dream that I am
Here we are the same

I used to see something in the idea
But only once did my hands reach
Anything beautiful

Now she's turned away
And I'm soooo...

We move in it's fire (show me a sign, fire underwater)
Speak in it's flame, (it speaks my name)
She proves (soon rose a sea) you're a liar,
On every perfect day (we are the same)
Lights move in a chalk line
Chains that define who I am
Here we are again
How could I have seen? (always she's driving)
How could I have known? (back through her strange
carnival)
(I should have known)straight through the sound,
Gramarye, I have found,
See how she's driving me (how could I have seen)
Always she's driving me (how could I have known)
Back through her strange carnival (I should have
known)
Straight through the sound
Gramarye, I've found
See how she's driving me down
