I feel my wings have broken in your hands
I feel the words unspoken inside
And they pull you under
And I would give you anything you want to know
You were all I wanted
All my dreams have fallen down
Crawling around

Somebody save me
Let your warm hands
Break right through me
Somebody save me
And I don't care how you do it
Just stay woo hoo
Stay
Come on
I've been waiting for you

I see the world has folded in your heart
I feel the waves crash down inside
And they pull me under
I would give you anything you want to know
You were all I wanted
And all my dreams have fallen down
Crawling around

Somebody save me
And two warm hands break right through me
Somebody save me
I don't care how you do it
Just stay whoo hoo
Stay
Come on
I've been waiting for you

Crawling around
Somebody save me
And let your warm hands break right through me
Somebody save me
I don't care how you do it
Just save you and me
I've made this whole world shine for you

Just stay
Stay
Come on
I'm still waiting for you
