I always thought that, we'd carry on 'til the end  
And I'd always be your friend  
But I should have known, lonely as I was back then  
That I'd never see you again.

How could you walk away?  
And leave it all damaged, torn, and frayed?

Just go away!  
And it's okay!

And I guess it's true, that all that you give is returned.  
For all that you burned, you'll burn.  
And now that you are hopin' that they'll let you in  
Just tell 'em it's your best friend.

And how could you walk away?  
Leave me there damaged, torn and afraid.  
There's nothing here.  
There's nothing left to say.

I'll think of the times you said you'd never go.  
Think of the times when you said so.

I always thought that we'd carry on 'til the end.  
And you'd always be my friend

Just let it all come out.  
Just let it all fall out.  
Is that ok right?  
Let it all out.  
Just let it all go.

Just go away!  
And it's okay!  
(I should have known, I should have known)  
Just go away!  
(I should have known, just let it go)  
And it's okay!

(I should have known, I should have known)
