"FLIGHT"

I watched you to fly away today
You held me close and turned away and you were gone
I said, "I couldn't understand
Why you need a foreign land, what's wrong with
home?"

I need to breathe, need to see
What this life's got in store for me
Take a chance while I can
Not one also ran

I'm on a flight and it's taking me closer
Home to a heart that's been left for so long
Time is all that holds me now
And the days have come and gone
While I have flown, I'm coming home

I've read your letters, heard of your success
Does that mean happiness? Yes or no?
Temptation that lay across your path
Is it too much to ask to think of me?

I had to fight to be right
There was never a champion for me
Knights in armor don't exist
It's been such a risk

I'm on a flight and it's taking me closer
Home to a heart that's been left for so long
Time is all that holds me now
And the days have come and gone
While I have flown, I'm coming home

I'm on a flight and it's taking me closer
Home to a heart that's been left for so long
Time is all that holds me now
And the days have come and gone
While I have flown, I'm coming home

I'm on a flight and it's taking me closer
Home to a heart that's been left for so long
I'm coming home, I'm coming home

I'm on a flight
