Duplicated man, inside
Double tied, prisoner, he's back
To back, face to face
Mirrored shadows always changing place

Separated man, himself
He divides opposite needs
He can't see where to hide
A single double side, Jekyll and Hyde

This man was good, he was calm
He'd never do any harm
Gentle soul as you may see
As caring as he could be

Deep down inside he hides
A twist that we maybe missed
Confusion and a nasty trick of fate
Might be the break, don't find yourself too late
Now who's outside, inside, Jekyll and Hyde

This man, acid raving beast
His eyes, his rage unleash
He tears apart all at hand
Back to the wall is his stand

Deep down inside he hides
A twist that we maybe missed
Confusion and a nasty trick of fate
Might be the break, don't find yourself too late
Now who's outside, inside, Jekyll and Hyde

Duplicated man, inside
Double tied, prisoner, he's back
To back, face to face
Mirrored shadows always changing place

Separated man, himself
He divides opposite needs
He can't see where to hide
A single double side, Jekyll and Hyde

This man unsteady and unsure
Where did he go before
Slightly afraid you may see
Forgetting who you may be

Deep down inside he hides
A twist that we maybe missed
Confusion and a nasty trick of fate
Might be the break, don't find yourself too late
Now who's outside, inside Jekyll and Hyde

Now who's outside, inside Jekyll and Hyde
(Sing [Incomprehensible])
Now who's outside, inside Jekyll and Hyde
(Sing [Incomprehensible])
Now who's outside, inside Jekyll and Hyde
(Sing [Incomprehensible])
Now who's outside, inside Jekyll and Hyde
(Sing [Incomprehensible])
Now who's
