"LET IT BE ME"

You've been alone for too long, baby
You're so afraid to let emotions show
Oh, but, baby, I'm in no kind of hurry
So we can take it real slow

Honey, don't let that lover who hurt you
Spoil the chance of starting anew

Someone's gotta love you, baby
Let it be me, oh, let it be me
Someone's gotta sooner or later
Let it be me

You say you're happy this way, baby
Do you cry a little when the crowd has gone
You think promises were made to be broken
I want to prove that you're wrong

Honey, for once bring down your defences
Let me be the one to break through

Someone's gotta love you, baby
Let it be me, oh, let it be me
Someone's gotta sooner or later
Let it be me

Honey, don't let that lover who hurt you
Spoil the chance of starting anew

Someone's gotta love you, baby
Let it be me, oh, let it be me
Someone's gotta sooner or later
Let it be me

Someone's gotta love you, baby
Let it be me, oh, let it be me
Someone's gotta sooner or later
Let it be me

Baby, let me love you
Baby, let me love you

Someone's gotta love you, baby
Let it be me, oh, let it be me
Someone's gotta sooner or later
Let it be me

Baby, let me love you
Baby, let me love you

Someone's gotta love you, baby
Let it be me, oh, let it be me
Someone's gotta sooner or later
Let it be me

Baby, let me love you
Baby, let me love you

Someone's gotta sooner or later
