Somewhere I had seen you  
Just a face within a crowd  
Softly touch my shoulder  
Maybe you can tell me why

I hear your voice  
In the wind while I'm sleeping  
In my dreams I can see you  
You're smiling at me

You, you color all my darkest nights  
(I love you, Luminai)  
And keep my spirits dancing  
(I love you, Luminai)  
Until the morning

When I hold your face inside my hands  
(I love you, Luminai)  
My fingers start to tremble  
(I love you, Luminai)  
As I try to kiss you

You have such a strange name  
From some far off distant place  
Can you stay forever?  
Always be inside my space

I feel you move  
In the wind while I'm sleeping  
In my dreams I can feel you  
You're laughing with me

You, you color all my darkest nights  
(I love you, Luminai)  
And keep my spirits dancing  
(I love you, Luminai)  
Until the morning

You, you take me to a higher plane  
(I love you, Luminai)  
And open up my senses  
(I love you, Luminai)

To love never ending

I feel your hand  
On my heart while I'm sleeping  
In my dreams I can touch you  
You're holding me tight

You, you color all my darkest nights  
(I love you, Luminai)  
And keep my spirits dancing  
(I love you, Luminai)  
Until the morning

Now we'll never be alone again  
(I love you, Luminai)  
You'll stay with me forever  
My love, Luminai
