You caught my eye
In a room in New York
I wasn't sure
That your smile
Was for me, I was shy
Then you looked in my eyes
And I knew
Love was beginning
I love you

Down by the lake
Far away from New York
I saw you there
And my heart
Fell apart, I was hurt
I thought you were alone
I was wrong
You're with another
You're in love

Six days and seven nights
Since I last saw you
I should have called you
Longing and lonely nights
Is there a simple way
To make you love me
I'll be your lover now

Somewhere in those seven nights
My heart pined
And yours took flight
With another
I don't know why

Chorus:

Six days and seven nights
Since I last saw you
I should have called you
Longing and lonely nights
Now there is no way
To make you love me

Lost in anothers love

Repeat chorus
