Leaving all their thoughts behind  
Passing over timeless wastes of ecstasy  
Freedom strangled at the source  
Takes the only charted course  
That leads them home  
Their bodies move towards the dawn  
The light in which a nation born  
Can only hope, and only weep  
Their passion may be growing weak

How was alone, recall me if you can  
I feel i am lost within you  
Many times within the sound of emptiness  
A light has shown deep in each others soul  
Keeps them apart, a love now makes them whole  
Fractured memories tearing at all their dreams  
Made life and living a faded scene

To give a name locked in despair  
Makes chances of a lifetime course across your eyes  
To give and get, and yet return  
Emotion smoulders, starts to burn in harmony  
They lay within a ruined shell  
Searching for the time to tell  
That he who followed endlessly  
Does not exist, can never be

How was alone, recall me if you can  
I feel i have lost within you  
A part of what is held inside a deep regret  
Taking over all that a hearts request  
Answered by cries from a wilderness  
Found forgotten lying in deeper sleep  
Touching once is so hard to keep

In emptiness, a light has shown deep in each others  
soul  
Keeps them apart, a love now makes them whole  
Fractured memories tearing at all their dreams  
Made life and living a faded scene  
Taking over all that a hearts request  
Answered by cries from a wilderness

Found forgotten lying in deeper sleep  
Touching once is so hard to keep
