Tears Of Time Are Falling Back From The Sky
Between The Endless Distance Of Our Full Life And
Death
The Darkness Embraces Me And I Start To Cry
The Lake Of Lifelessness Appears Before My Eyes
Before My Eyes...

The Light Of Birth Surrounds Me, Keeps Me Warm And
Safe
Unless There's Noone By My Side - By My Side!
Deceivers Told Me Fairytales About The Life Ahead
Caged Inside A Wall Of Fire, But I Still Believe

Bells Of Doom Are Tolling, Pure Psionic Blast
Underneath A Blackened Heaven Begins Another Day
In The Sign Of Christian Churches, Kingdom Of The
Worms
I Ignore Their Hollow Treatments, 'Cause I Still Believe
I Still Believe...

I Still Believe

My River Sleeps At Night And Now Turns To Dust
Cornflowers Beside My Grave Spread Odour Of
Forgotten Days
As I Turn The Last Page In My Book Of Destiny
Then I Feel Strange Inside But I Still Believe
I Still Believe... I Still Believe...
