Winding your way down on Baker Street  
Light in your head and dead on your feet  
Well another crazy day  
You drink the night away  
And forget about everything

This city's damned makes you feel so cold  
It's got so many people but it's got no soul  
And it's taken you so long  
To find out you were wrong  
And forget about everything

Used to think that it was so easy  
Used to think that it was so easy  
But you're trying, you're trying now  
Just one more year and then you'll be happy  
Another year and then you'll be happy  
But you're trying, you're trying now

Way down the way there's a light in his place  
He opens the door, he's got that look on his face  
And he asked where you've been  
You tell him who you've seen  
And you talk about everything

He's got this dream about buying some land  
He's gonna give up the booze and the one night stands  
It's taking you so long  
And then he'll settle down  
And forget about everything

But you know he's always keep moving  
You know he's gonna keep moving  
'Cause he's rolling, he's the rolling stone

When you wake up, it's a new morning  
The sun is shining, it's a new morning  
But you're going, you're going home
