"The Number 1"

It's never easy, and the road is long
Dark and lonely, but I have been strong.
This is the moment, A final test
No time for losers, time to be best.

Now I can't give up, and I won't give in
My final chance, the final fight, we're gonna win.

This is the day, the time has come
To stand together, together as one
And we won't give up, till we have won
For we will be: The number 1

Out of the darkness, into the light
We'll see who's wrong, and we'll see who's right
And we won't go down, till we reach that crowd
We will play that game, They will shout our name
On our way to fame.

This is the day, the time has come
to stand together, together as one
and we won't give up, till we have won
For we will be the number 1

We share the same dream, we are the team with just
one goal
This is our final call, now the winner takes it all

This is the day, the time has come
To stand together, together as 1
And we won't give up, till we have won
For we will be the number 1
At least we'll be the number... Numer 1
