You say to me...when I grow up I'll be stronger
when I grow old I'll be wiser
when I get pushed down I get back up
I'm such a brat I don't know when to
shut the fuck up

Imagine this, imagine that'
Could you see it any other way?

You say to me...there will soon come a day when
you'll be gone
I've to have the heart to
carry on
always learn from every mistake
keep on working, you'll get a
break....one day?

Is this the way it's gonna be
or is this your way of assuring me
that there will come a day when I'll be alone
with you
and everything will be all right
