[Slick Rick] Word... girl I come to your rescue in any kind of weather So let's take the union, me and you together Because my heart and soul is not all I got to give I need someone to share my fortune with My life is empty I need more than money So tell me how to win your heart, I love you honey The truth, girl, says your chance, honey, take it And I might just let you see that I be naked [Chorus: Al B. Sure!] If I'm not your lover, if I'm not your friend Tell me, baby, just tell me what I am (Tell me!) If I'm not your lover, if I'm not your friend (Tell me!) Tell me, baby [Al B. Sure!] I'm just a man, who comes around at night And to leave you, girl, baby, that ain't right (tell me!) You call me over, and give me sexy talk After things are over, you tell me take a walk, girl If you think, I'm playing you too close I just want to be the one, who's loving you the most, girl Material things, don't come into my world All I want is a one man girl [Chorus] [Al B. Sure!] Since this conversation, I'm so confused Tell me, baby, am I being used Dedication is what I want, you're being complicated You know it's just a front, girl If you think, I'm playing you too close I just want to be the one, who's loving you the most, girl Material things, don't come into my world All I want is a one man girl [Chorus] [Slick Rick] Let's walk down the aisle, tell me are you ready dear? Please be my snuggles, I can be your teddy bear It's your character I like, you got a brain in your head Wake up together and it's breakfast in bed Our love is everlasting for you not to mention The feelings are true when they need a little attention For real girl, so here's your chance honey take it And I might just let you see that I be naked [Chorus] [Slick Rick] On the real tip, I think I see the heaven above in you I wish I could say you're struggling love me too Cause you tell me to chill, is it B.S. you feed me? Jealous cause I know that you really don't need me Old school would say, "here we go! here we go!" To help me if I fall, don't never let me go For real ladies, so here's your chance, honey, take it And I might just let you see that I be naked [Chorus]
