I hope you'll find, a little piece in your heart (Cause you  
and me yeah)

Since we went apart, I can't sleep at all (Can't find an  
ending)

As long as you are better than my broken heart (I will  
survive it)

Cause no one has ever touched me the way that you  
did

I'm deep in my frustration

Seven days and seven nights

A week is more than I can take

I'm losing it all, I'm a fool without you baby

Seven days and seven nights

I don't understand how to make it right

I'll be constantly aware of you for seven days

And seven nights

I have hope in my heart, as I'm counting the days  
(Forget the numbers)

And as the days go by, I am losing my faith (I'm going  
under)

Just because the thing I said that made you leave (Too  
late to change it)

Wisdom of life is all I have found

I'm deep in my frustration

Seven days and seven nights

A week is more than I can take

I'm losing it all, I'm a fool without you baby

Seven days and seven nights

I don't understand how to make it right

I'll be constantly aware of you for seven days

And seven nights

I keep on waiting for an answer

Even if I know the truth is deep inside my heart

Seven days and seven nights

A week is more than I can take

I'm losing it all, I'm a fool without you baby

Seven days and seven nights  
I don't understand how to make it right  
I'll be constantly aware of you for seven days  
And seven nights
