Your so devine don't need to die
You got the skill to break it
You stay with us we're strong enough to move a nation
I'll prove to you what we can do
Cause we are here to change it
To make the day a place for us
It's all that we should do

It's all in the game no one to blame
It's in your eyes when you're looking at me

Stand for your rights
Make sure your life is working all right
It's up to you what you can do
It's in your hands don't have to prove it
Now stand for your rights

We start to run I feel the blood
Out in the veins much faster
I look at you, you look at me
We started laughing
We'll rule the streets we'll conquer all
Nothing in sight can stop us
Our enemies they better hide
I've never felt so good

It's all in the game no one to blame
It's in your eyes when you're looking at me

Stand for your rights
Make sure your life is working all right
It's up to you what you can do
It's in your hands don't have to prove it
Now stand for your rights

Fight for your life
You never have to pay the price
Bring out whatever that's in you're mind
It helps you get to sleep at night
