Don't you tell me what to say  
Don't you tell me what to do  
With my life  
I got it in my hands  
I make it a different way  
I make my self understood  
In the end I will be all right  
And nothing gonna change that

I tried to cry, I tried it all  
But I have to learn you're gone  
My only mistake  
Was feeling to safe  
Now I have to learn you're gone

The sun will burn me up  
The sun will make me dry but I want more  
Why can't I end this love?  
The trust that I had for you, the trust that I hate is gone  
Can't you see, I am so cold inside  
And nothing gonna change that

I tried to cry, I tried it all  
But I have to learn you're gone  
My only mistake  
Was feeling to safe  
Now I have to learn you're gone

Life is getting darker every night  
I feel so cold  
When you're gone

Don't you say  
Don't you tell me

I tried to cry, I tried it all  
But I have to learn you're gone  
My only mistake  
Was feeling to safe  
Now I have to learn you're gone

Life is getting darker every night  
I feel so cold  
When you're gone
