Look in your eyes
Excited just seeing
The look of for now
It made me wait
And if everything is fine now
Mark stay
Just ask, most just give up

I only wanted to go
To show my feelings
And whisper wishes
"Maybe you go now and quite"
I swear I did not know
What goes through your head
So I got carried away and talked without fear of

Not giving up
How screwed up my timing
When you're busy playing Contracting
No teenager
Remained the same idiot is missing restraint
Chooses to remain silent when you're locked away
again

So maybe it is better to run away
That are always looking for when
Oh if only I had an 'power
If I did not get angry
I realized that when he kissed me
Never see you
So I choked I convinced myself to give up

Then start talking
How screwed up my timing
When you're busy playing Contracting
No teenager
Remained the same idiot is missing restraint
Chooses to remain silent when withdrawn again
