You do not wear makeup,  
Put on a striped bar  
You do not have to dress up,  
Just Smile and without hesitation  
Be natural and relaxed,  
Derry to me the joy,  
That's all I'm looking for you.

I wish to burn all the pocket  
The brands blow,  
That the most beautiful in jeans  
Tight, faded.  
Be honest, try to flow,  
Send me simplicity and warmth,  
That's all I'm looking for you.

The beautiful,  
So beautiful,  
More beautiful of all,  
But you do not know  
How beautiful,  
So beautiful,  
The world's most beautiful,  
The most beautiful in the world.

There are guys who look  
External data,  
But I know  
How pretty face  
Try a drop to be released,  
Give me a hand and talk,  
Front of your eyes I am blind.

You're beautiful...

Wait for me

Thanks to razvan
