Everything in life happens accordingly
That's exactly what you said to me
And don't claim your heart
When you're not beside me
Cause it's what you wanted

It's exactly what you said to me
It's exactly what you wanted

It's exactly what you said to me
It's exactly what you wanted

It all goes around the fact that
And telling me won't do any
Showed no truth stood alone by my side
Just know that you're one of many

Everything is fine and so it goes
I'll go on in life and just pretend
That we're good friends and that I'm alright
Cause it's what you wanted

It's exactly what you said to me
It's exactly what you wanted

It's exactly what you said to me
It's exactly what you wanted

It all goes around the fact that
And telling me won't do any
Showed no truth stood alone by my side
Just know that you're one of many

I forced my thoughts; I know all your plots
It's in all I see yet eventually
I held your hand; it's in all that I am
When it comes around I'll be breaking down

It all goes around the fact that
And telling me won't do any (any)
Showed no truth stood alone by my side
Just know that you're one of many

And so for now
I'm breaking down
I'm breaking down
And I'm I'm breaking down
I'm breaking down
I'm breaking down
I'm breaking doooooooooooooooooownuh
