Come along with me  
Down into the world of seeing  
Come and you'll be free  
Take the time to find the feeling  
See everything on it's own  
And you'll find you know the way  
And you'll know the things you're shown  
Owe everything to do the day  
Come along and try  
Looking into ways of giving  
Maybe we will fly  
Find a dream that we will live in  
We'll look into the eyes of time  
Past ages have turned to dust  
And born somewhere on the line  
The loving that grows with us  
Come into the day  
Feel the sunshine warmth around you  
Sounds from far away  
Music of the love that found you  
Th seed that you plant today  
Tomorrow will be a tree  
And living goese on this way  
It's all part of you and me  
Chorus:  
See the carpet of the sun  
The green grass soft and sweet  
Sands upon the shores of time  
Of ocean mountains deep  
Part of the world that you live in  
You are the part that you're giving
