When nature's callin'  
Don't be stalin'  
Use your common sense  
Before you let it flow  
Find a place to go  
Just don't whiz on the  
electric fence  
If you're gonna explode  
You can use the commonde  
Of igloos, cave dwellings  
or tents  
No need to explain when  
you gotta drain  
Just don't whiz on the  
electric fence  
You can swizzle on the sofa  
Piddle in the air  
Tinkle in the toilet  
That's why it is there  
You can let it rain  
In the breakfast lane  
While waving at ladies  
and gents  
Just don't whiz on...  
Don't whiz on  
Don't whiz on the electric fence
