Christmas bells are ringing  
Christmas bells are ringing  
Christmas bells are ringing

How time flies  
When compassion dies  
No stocking, no candy canes  
No gingerbread, no safety net

No loose change, no change, no  
Santa Claus is coming  
'Cause Santa Claus ain't coming  
No room at the Holiday Inn again  
Well, maybe next year or when

December twenty-fourth, ten p.m.  
Eastern standard time  
I can't believe a year went by so fast  
Time to see, what we have time to see

Turn the projector on first shot roger  
With the fender guitar he just got out of hock  
When he sold the car  
That took him away and back

I found my song  
He found his song  
If he could just find Mimi  
I tried you know I tried

Fade in on mark  
Who's still in the dark  
But he's got great footage  
Which he's cut together

To screen tonight  
In honor of Benny's wife  
Muffy, Alison  
Pulling Benny out of the east village location

Then again, maybe we won't screen it tonight  
I wonder how Alison found out about Mimi?

Maybe a bird told her or an angel  
I had a little hunch you could use, a little 'flow

Tutoring again? Negative  
Back at you? No, no you, no  
I rewired the ATM at the food emporium  
To provide an honorarium to anyone with the code

The code, well  
A N G E L

Yet robin hooding isn't the solution  
The powers that be must be undermined  
Where they dwell in a small exclusive  
Gourmet institution

Where we overcharge the wealthy, clientÃƒÂ”le  
Let's open up a restaurant in Santa Fe  
With a private corner banquette in the back  
We'll make it yet, we'll somehow get to Santa Fe

But you'd miss New York before you could unpack  
Mark, Roger, anyone? Help  
Maureen?  
It's Mimi, I can't get her up the stairs

No, she was huddled in the park in the dark  
And she was freezing and begged to come here  
Over here, oh, god  
Got a light, I know you, you're shivering

She's been living on the street  
We need some heat  
I'm shivering  
We can buy some wood and something to eat

I'm afraid she needs more than heat  
I heard that  
Collins will call for a doctor, honey  
Don't waste your money on mimi, me, me

Hello-911? I'm on hold  
Cold, cold, would you light my candle  
Yes, we'll, oh God, find a candle

I should tell you  
I should tell you  
I should tell you  
I should tell you

I should tell you

Benny wasn't any  
Shh, I know  
I should tell you why I left  
It wasn't, 'cause I didn't

I know, I should tell you  
I should tell you  
I should tell you, I love you

Who do you think you are?  
Leaving me alone with my guitar  
Hold on there's something you  
Should here  
It isn't much but it took all year
