Go down to central park
Play frisbee with my friends
Go out tonight and get some middle eastern food
I stick down to that hat for a buddy of mine
Go out to the street and go to 6th avenue
Rollin to electric bladen
Seeing some friends and having a good time
Go out tonight and have some drinks
and have some laughs and all that stuff
Frisbee days
Everythings going my way
Frisbee days
Everythings going my way
C'mon c'mon c'mon over
To the part across the way
That's why I'd get some chicks
And get some cocaine and go get laid
See all over the city with a fist full of dollars
And you better beleive everythings going my way
Frisbee days
Everythings going my way
Frisbee days
Everythings going my way
I wish I could stay away x2
Frisbee days
Everythings going my way
Frisbee days
Everythings going my way
Frisbee days
Everythings going my way
Frisbee days
Frisbee days
