Live every moment, love every day
'Cause before you know it your precious time slips
away
Live every moment, love every day
'Cause if you don't you might just throw your love away

I walked for seven miles this mornin', footprints in the
sand
Washed away without a warning when the water hit the
land
But I will walk on 'til I can no longer stand
I'll take you by the hand

And we'll live every moment, love every day
'Cause before you know it your precious time slips
away

There's water in the wind tonight, there's a chill in the
air
It's coolin' down my skin tonight, soakin' through your
hair
There's warmth enough within' tonight for both of us to
share
We can take it anywhere

And we'll live every moment, love every day
'Cause if you don't you might just throw your love away

Sometimes I wish we could take a trip far away
Leave all this trouble and heartache and pain for
another day
I will search for that place but 'til I find it all I can say
Is live every moment, and love every day

Sometimes I wish we could take a trip far away
Leave all this trouble and heartache and pain for
another day
I will search for that place but 'til I find it all I can say

Is live every moment, love every day
'Cause before you know it your precious time slips
away

Live every moment, love every day
'Cause if you don't you might just throw your love away

You might just throw your love away
You might just throw your love away
Live every moment
You gotta live every moment
You gotta live every, live every, live every moment

Don't throw your love away
Don't throw your love away
Don't throw your love away
