You've got it, I want it
Surrender, don't run away
Some say I'm cold blooded
I'd say I'm just not that way

I need someone tonight
Someone to hold on to me tight
I need someone t-t-tonight

If I could convince you
If you would just say all right
I'd treat you so tender
Then leave you and never write

I need someone tonight
Someone to hold on to me tight
I need someone t-t-tonight

I need someone tonight
Someone to hold on to me tight
I need someone t-t-tonight

I need someone tonight
Someone to hold on to me tight
I need someone t-t-tonight, t-t-tonight, t-t-tonight
