Say good-bye
Look to the sky
Set your course on into the night
Say good-bye
Hold your head high
Wherever you're goin it's alright

Things must change
You know they always do
Get re-arranged
No reflection on you
Just face the danger
And follow it through
And the change is gonna be for the best

Well I know
How crazy it feels
When you go
Go out shufflin your heels
So take it slow
And make only good deals
You're a young man and it's time to go west
Ooh yes

You say good-bye
You look to the sky
Set your course on into the night
You say good-bye
You hold your head high
Wherever you're goin it's alright

Take a chance
Go on make your move
Nothin' fancy
You got nothin' to prove
Just make a stance
You know were countin' on you
You are the one with the vision

So move out
Move ahead of the fear
Have no doubt

In your mind there's a very clear out
And someone must steer
It is you who must make the decision
Ooh yeah

(chorus) 3x

(solo)

(chorus) fade
