it's a dinosaur
thousand feet or more
bigger than ya fear
listen, can't you hear
it's comin' closer

you cannot run in any direction
no place to hide ain't got no protection
it can be sorrow, blood, and destruction
but it can give you incredible emotion

go godzilla go
jurassic lizard superstar hero
go godzilla go
for the people
for the planet

bad in outer space
mining human race
nuclear warrior
come on in for more
we feel in trouble

you cannot run in any direction
no place to hide ain't got no protection
it can be sorrow, blood, and destruction
but it can give you incredible emotion

go godzilla go
jurassic lizard superstar hero
go godzilla go
for the people
for the planet
