Its in our blood

It makes us stronger
Its been a while

If not longer

We have no worries

We have no fears

We have no doubts

And the coast is clear

So lets unite!

Our past is present

Our futures at hand

Together, together we can make a stand

With all our reasons and all our thoughts

Nothing, nothing could ever stop us

So lets unite!

All as one

One as all

We cannot fail
We will never fall (2x)

So lets unite!

Take it all

Theres no time to spare

Fear strikes out

All thats left is despair

Its all come to this

Turned all around

Apathy wins and we all strike out

So lets unite!
