[laughing]

Ain't no doubt about it
you want me
can't you see
I want the same
dont pretend you can do
without me
baby let me show you this game

All I need is to get a little closer
you wont reget a thing
it's about time to get it on tonight

That's right now I got you
where i want you baby
no doubt it's gonna happen
tonight baby baby
that's right you know aint use to
fight it baby
no doubt you will love it
alright baby baby

That's right
that's right
that's right
tonight uh

Baby all you see is complications
doesn't have to happen that way
let me change this whole situation
I wont let this chance slip away

All I know is it couldnt go wrong
no baby you can't deny
what we got goin' on tonight

That's right now I got you
where I want you baby
no doubt it's gonna happen
tonight baby baby
that's right you know ain't use to

fight it baby
no doubt you will love it
alright baby baby

That's right now I got you
where I want you baby
no doubt it's gonna happen
tonight baby baby
that's right you know aint use to
fight it baby
no doubt you will love it
alright baby baby

Baby cant you see
all we need is right in front of us
we can't let this thing just pass us by
easier then it seems
all you have to do is stay around
and you'll know
when I tell you
that's real

That's right
oh
no doubt
oh
that's right
oh
no use to fight it
alright

That's right now I got you
where i want you baby
no doubt it's gonna happen
tonight baby baby
that's right you know ain't use to
fight it baby
no doubt you will love it
alright baby baby

That's right now I got you
where I want you baby
no doubt it's gonna happen
tonight baby baby
that's right you know aint use to
fight it baby
no doubt you will love it
alright baby baby

that's right
I got you now
