You're on my breath, On my tongue, Always,
You've got me wound up, Coming undone, Oh,
I saw myself one day,
You, You saw what you needed to, Oh,
You've got me wound up, Coming undone, Always...

I've got a feeling, This should be over tonight,
Oh, I don't know, Oh, I don't know,
I've got a question,
Would you let me... ?

Let me have the last kiss again,
The last time, The last night over,
This could be the one thing I'll miss,
The one thing, The last thing that I need to leave,
We need to see that it's no good,
Let me have the last kiss again...

Take all my breath in your lungs,
Stop looking at me like you're in love...

I've got a feeling, This should be over tonight,
Oh, I don't know, Oh, I don't know,
I've got a question,
Would you let me... ?

Let me have the last kiss again,
The last time, The last night over,
This could be the one thing I'll miss,
The one thing, The last thing that I need to leave,
We need to see that it's no good,
Let me have the last kiss again...

Thought I was over getting over you,
Getting over me,
Let's hope it's the last thing that we need,
Let me have the last kiss...

Let me have the last kiss again,
The last time, The last night over,
This could be the one thing I'll miss,
The one thing, The last thing that I need to leave,

We need to see that it's no good,
Let me have the last kiss again,
The last kiss, The last kiss, Over,
Let me have the last kiss,
Thought I was over getting over you,
Thought I was over getting over you...
