You walked down into my hole,
And your shadow,
Always disappearing into my own,
I feel hollow, So I'll follow you there,
Could this lead to my escape?
I follow footsteps,
All the stories seem so safe,
I feel hollow, So I'll follow you there...

Are you leading me on?
Are you leading me on?

If the Sun burned out,
If the sky burned out,
And the water runs dry,
Would you believe in you, you and I?

Living in this house of cards,
I'm never lonely, I'm never lonely,
And if the sky was to fall,
Would you hold me,
Or would you run for something more?
And that rabbit calls and cries,
Would you follow,
If he was running out of time,
Would you hold him,
Or would you run for something more?

Are you leading me on?
Are you leading me on?

If the Sun burned out,
If the sky burned out,
And the water runs dry,
Would you believe in you, you and I?
If we stumble over the edge,
And this circle never ends,
Would you believe in you, you and I?

I would waste my life,
Waiting for your hand,
I would sacrifice, all.

I would waste my life,
Waiting for your hand,
I will sacrifice, all.
I will follow you into this Wonderland.

If the Sun burned out,
If the Sun burned out,
If the Sun burned out,
If the sky burned out,
And the water runs dry,
Would you believe in you, you and I?
If we stumble over the edge,
And this circle never ends,
Would you believe in you,
Would you believe in you,
Would you believe in you, you and I?
You and I?
