So you feel that I'll leave you

That I'll change my mind and walk away

But I found you

So I'll bake you

A chocolate cake

Do you know that I love you

By the way I look into your mind

I surrender my heart

With a teary eye

Take your hands

And place them all around my ears

Take my heart

And hook it up to your face

We're as one

You and me

A silly man

So my dear

Please forgive me

For the situation that I'm in

Cause I promise

That it's over

It's in the wind

Reach for me

And I'll catch you

You can wings as long as I'm with you

Don't fly away

Not away

At least not alone

And we fly high

We fly higher than the highest kite

Over mountains

Where non-belivers in disguise hide

We're so silly

(hahahaha)

Making faces just to make us smile

Yeah, aint no doubt about it baby

Like no others

You and me

A silly man

Take my heart and use it

I wanna give you

I wanna love you

I'll be more than consistant

I'll make it better

If you will never

Never leave me

Oo, so we're friends

And we made a special commitment

So we're lovers

And we vow to never let it end

So in love with each other

So we make love like instruments

Under covers

We listen to

A silly man
