Come out of the darkness

Get up, alarm clock, lip gloss, what a shock  
Get dressed, front door, more stress, what for?  
Trapped in your world  
You know you're trapped in your world

Lunch hour, fast food, telephone, more abuse  
VU, headache, cigarettes, coffee break  
Trapped in your world  
You know you're trapped in your world  
(Come out of your darkness)

Out of the darkness, over the tower blocks  
Into the light  
Go into the rush hour, out of the factory  
Leave it behind  
(Come out of the darkness)

Turn on your TV, back to suburbia  
Every night  
Come out of the darkness, over the offices  
Into the light  
(Come out of the darkness)

Leave work, happy hour, too drunk by far  
Bus full, Waterloo, fall asleep on the tube  
Trapped in your world  
You know you're trapped in your world

Vodka, lemonade, ashtrays, what a shame  
Poor cow, sits alone, pubs closed, go home  
Trapped in your world  
You know you're trapped in your world  
(Come out of the darkness)

Out of the darkness, over the tower blocks  
Into the light  
Go into the rush hour, out of the factory  
Leave it behind  
(Come out of the darkness)

Turn on your TV, back to suburbia  
Every night  
Come out of the darkness, over the offices  
Into the light  
(Come out of the darkness)

Out of the darkness, over the tower blocks  
Into the light  
Go into the rush hour, out of the factory  
Leave it behind  
(Come out of the darkness)

Turn on your TV, back to suburbia  
Every night  
Come out of the darkness, over the offices  
Into the light  
(Come out of the darkness)
