Wrap your body around me  
So we are one  
Wrap your arms and your legs  
And your hands and your tongue

Wrap your words and your life  
Your feelings and pain  
Wrap your cheatin's and your memories  
Wrap your touch and your shame

Wrap your body around me  
In you I will hide  
Wrap your cold and your warm  
Wrap your truth and your lies

Wrap your past and your plans  
Wrap your secrets and hair  
What you keep to yourself  
And, baby, what you share

Wrap my body in you  
Wrap my body in you  
Wrap my body in you  
Wrap my body in you

Wrap your body around me  
So it feels like home  
And where your heart is and your pictures  
And your keys and clothes

Wrap your language and your places  
Your sex and your taste  
Your music and your money  
What you love and you hate

Wrap your body around me  
Till it hurts I said  
I wanna get lost in your news  
And your bed

Tie me in with your juices  
Your tears and your sweat

Take me with your muscles  
Your teeth and your scent

Wrap my body in you  
Wrap my body in you  
Wrap my body in you  
Wrap my body in you
