Chorus: Ilere paulus

Monday to Monday you working harder everyday
How to waste your life, how to waste your life
Say no; say no I don't wanna waste my life
Eh! Bro slow it down check the time it getting late

Verse: oz

It's amazing the greatness of life and how we waste it
We live in cages of
Fakeness afraid to just taste it My people pleasing
persona perplexed
Wasn't worth it Pretending performing purporting I was
picture perfect You
Lose yourself and your voice when you don't believe in
you Just go with
Flow and it's over before you know You've swallowed
this person you think
They want you to be Instead of seeing all that you were
purposed to achieve
You can't do that you got to do you You got to give
glory where glory is
Due And to do that here's what you're gonna have to do
You gonna have to
Accept every single part of you The good the bad and
the ugly too, and just
Do What God in heaven build you to do And guess what
happens when you don't
Use your talent Depression and anxiety and that was
me Repressed
Personality perpetrating wackiness Losing sanity from
all the mental
Anguish Ravaging my psyche, damaging my
confidence A connoisseur of
Failure, life was looking tragic Now I'm on stage by His
grace, a verbal
Hazard Ripping rhymes and spitting sermons, just
wreaking havoc And the
Glory goes to God coz He must have it I'm fighting to
be free, to finally
Be me, I'm feeling savage Wanna tear it all up, drop
bombs be dealing

Damage, why? Coz I've had it, tired of being sad and
quiet, I'm so mad that
I just can't manage, the frustrating pain of fear and
regret, who? Me
Living a half life in defeat, you can't forget I ain't
holding back no
More, brace yourself, you're about to hear me roar
Stand up tall, cry havoc
And let slip the dogs of war I ain't playin this no more

(Chorus: Ilere Paulus)

Monday to Monday you working harder everyday
How to waste your life, how to waste your life
Say no; say no I don't wanna waste my life
Eh! Bro slow it down check the time it getting late

Verse: k' Doulos

When I hit the mall, everywhere that I go, all I see is the
fall We are
Trapped in the death row. And no lie They all scared to
die, but they say
They are to fly, you can ask them why You wana get
high but you only
Getting low You been hypnotised by the smock that you
blow I was told money
Clock the air, you can take my portion I really don't care
believe that I
Used to bang, bang, knock, knock hard on it, chasing it
where the short
Excitements at Like a typical fool yearning major, apart
from Christ I was
Under a ledger Lil mama slow it down short term
pleasure, long term pain
Look upon Jesus life you gain. Christ is your treasure
not the money you
Earn

Verse: PB

Ah! Sure talk to my brothers heart to heart we all live
under pressure No

a minute you
Know you tried all this things willing to die for these
things Eh! There is
A coming wrath now you better choose the path I got
washed better than
Soaking in the bath Don't be wasting your life there is
no second one We
All need Emanuel have sent like Christ Jesus called
Emanuel Whether you're
Saved or not we all here to battle Eternal life my score

Settle heavenly bliss, Sweet taste like milk and honey
I'm speaking about
The finer things better than the money Living life so

Running This is the time we know whether you're going
or coming Take a step
Force full man will advance the kingdom I'm
unashamed to say in him I got
The freedom You're invited to royalty accept his

one life to live Give
It up to him he got plenty more things to give, only him I
