"Get Me"

Tell me girl what is wrong.
Tell me why it's been so long
You don't care, you don't mind
No more and always blind
Feel my anger, feel my pain
When you're gonna feel insane
Let me know I am strong
What you say what so wrong
Say what you're feeling it's a greed
It's just your sex-appealing
You came in the shame. Let me tripping for my babe
But I want you to know that I'll never let you go
Even though you will try you will never say goodbye

I know you want it.
You're never gonna get me
Cause our love is over
I am flying baby, higher baby
I know you want it.
You're never gonna get me
Cause our love is over
I am flying baby, higher baby

I am strong you
Got together, we will seek
For the love that we had being happy, being sad
I can take this no more lying here on the floor
In my mind I see your face. You're the queen of my ace
Follow me and you'll see how I wanted it to be
It's my mission without vision
I don't need no competition
To confess what I feel,
Girl, this time and it's for real
So come on, take the chance
In the morning we will dance

I know that you want some more
Baby, can't you see the door
There is nothing left to say
Baby I will never go your way

I am strong you
Got together, we will seek
For the love that we had being happy
It's all up to you. I got someone new
Baby you can never get me down
I want look and see one for me
Baby that's the way it's got to be
